

Dear Insight Policyholder:

Thank you for choosing Professional Liability insurance that has been underwritten by Insight Insurance Services. We have made a tradition of excellent service and we hope that you will be a satisfied customer for many years.

As part of our commitment to excellence, Insight and Argo Pro offer the Architects & Engineers Advice Hotline to all policyholders. The Advice Hotline service provides prompt access to expert advice on loss control issues at **no cost to you**. The hotline does not eliminate the need to have legal counsel but is intended to provide assistance when you have questions or concerns about potential professional liability issues.

You are encouraged to use this service. Your comments and suggestions for improving the Hotline and our other services are always welcome. To access the Hotline during business hours, dial

1-800-447-4626 ask for: Frank Inderwies finderwies@argogroupus.com

If you choose to fax the information, the number is (888) 447-6289.

Be sure to identify yourself as an Insight policyholder when calling the Architects & Engineers Advice Hotline. Please have your policy number available as identification.

Thank you again for choosing the Argo Pro product provided by Insight.
